

SHUTTLE

CARRIAGE FOR WIRE SYSTEM

- Approved for areas with explosive atmosphere
- One user per carriage

The Shuttle carriage from Eyecatcher makes it possible to move freely along a fixed wire system, it even moves unhindered over Eyecatcher's intermediate and corner brackets.

SEGMENTS

- ✓ General industry
- ✓ Tower climber
- ✓ Telecom
- ✓ Wind energy

OVERVIEW

Shuttle is a carriage from Eyecatcher that fits wire systems. The carriage is made of stainless steel and the locking mechanism holds the carriage in place on the wire. Shuttle is approved for explosive environments and passes Eyecatcher's intermediate and corner mounts without problems.

Note that a 10 mm carabiner is not included. The carabiner is needed to be able to connect to the carriage.
