## OVERVIEW

Twistfix C from Eyecatcher is unique in terms of functionality and installation speed. This is a personal anchor point for fall protection on roofs, with which a large degree of freedom of movement is guaranteed. Twistfix is suitable for all types of roofs and is permanently and solidly anchored in the roof construction. After installation, Twistfix can be easily waterproofed by the roofing machine with a bow of the corresponding type of roofing material.

The anchorage point is easy to mount on top of the roofing material and is suitable for gravel and green roofs.
