OVERVIEW

Cresto Armur + Single-S is a self retractable lanyard with galvanized steel wires that is approved for both vertical and horizontal use, making it suitable for work on roofs and in industries. Attach the anchorage at the harness's anchor point on the back for best freedom of movement.

Thanks to its smart design with a robust design, the equipment's service is cost effective. During the autumn of 2021, the SRL will be updated with a leading edge absorber for safer use, which can be seen in the picture.
