- Fits Altiligne

The CMS3-KR from Vertic is a carriage suitable for heavy loads and fits the wire system Altiligne.

SEGMENTS

- ✓ General industry
- ✓ Rope access
- ✓ Telecom
- ✓ Wind energy

OVERVIEW

The CMS3-KR is a carriage with roller bearing kit that makes it suitable for heavy loads.

The carriage makes it possible for the user to move along the wire without interruption. It has a large diameter hooking eyelet, allowing the use of any type of connector. The user can also attach and disconnect the carriage everywhere on the wire and the carriage runs smooth over the support of the fixed fall arrest system.

The carriage fits the wire system Altiligne from Vertic.
