RED PRO X Extended

Rescue and evacuation device, box

- Extremely good lifting capacity
- Water sealed brake housing
- Intuitive and easy to use

EN 1496 : 2017 EN 341 : 2011

Product description

RESQ RED PRO X is the latest generation of rescue and evacuation equipment from RESQ – designed and developed for easy use with intuitive functions. The RED PRO X can handle most rescue scenarios in various industries and extreme environments, from evacuation from high heights, lifting from deep shafts to advanced rescues, the height worker can feel confident that the equipment performance is verified. The design and functionality of the device are based on insights from professionals working at heights daily. RED PRO X is designed to give height workers verified confidence in extreme environments and for easy implementation of user-training and inspections. Single-sided use for safe handling - all features on frontside - no more losing valuable time, twisting and turning the device to double-check. Universal power tool-interface for heavy lifting, up to 255m. Top-mounted swivel for optimal positioning, even in tight conditions and confined space. Laser printed, easy to read data and pictograms, engraved direct and permanently on the body. 280 kg – 255m, verified and tested decent weight and height! The device comes with a lifting function where the connection of machine-driven accessories simplifies and facilitates lifting at longer distances as standard. With the help of a power tool, the equipment can lift a load of 140 kg at a distance of 255 meters. RED PRO X requires a minimum of training which equals Low TCO for maintenance of training certificates for your workforce. Due to the easily recognizable and intuitive design on both rescue equipment and accessories, the kit is both practical and cost-efficient to introduce to an already trained workforce which holds GWO or similar height training certificate. RED PRO X Extended is delivered as a complete set in RESQ Vacuum+ (service interval of 15 years), storage box in plastic and accessory kit. Material shortages due to the pandemic have resulted in the need for Cresto Group to periodically and temporarily replace certain components on our products with replacement components fulfilling the same function. Due to this, the product images may differ from that which is delivered.

Product properties

Brand	RESQ
Adjustable under load	Yes
Attaching connector 1	Device: Aluminum carabiner with swivel
Attaching connector 2	Rope: Aluminum carabiner
Minimum breaking strength - MBS (kN)	20
Descent speed (m/s)	0,9-1,6

Energy absorber	No
Extra functions	Lift with external power source
Fall indicator	No
Functions	Descend function, Lifting function
Gate strength (kN)	16
Gate feature	twist lock
Lifting mechanics	Gear, ratio 1:9
Material	Polyamide, Aluminum , Techno polymers
Maximum descent	255m
Maximum load (kg)	200
Min/Max load (kg)	40/280
Min/Max working temperature (c)	-40/+60 °C
Maximum number of users	2
Maximum rope length (m)	255
Mechanics	Centrifugal brake
Minimum load (kg)	40
Min/Max storage temperature (c)	-40/+60 °C
Packinging type	Vacuum
Rope	Polyamide/polyamide 32-braided kernmantel construction 9,6mm
PPE-category	Category 3
Declaration of Conformity	Yes
EN-standard	EN 1496 : 2017, EN 341 : 2011
Warranty	2 year
Identification	Serial number
Annual inspection	Yes, every 12 months
Life span	15 + 15 years. Product lifecycle 15 years + 15 after service
Notified body	0200, FORCE Certification A/S, Main office, Park Allé 345, DK-2605 Brondby, Denmark
Other standards	ANSI Z359.4-2013, CSA Z259.2.3-12

RFID	Yes
