

Cresto, Ladder Securing Sling

Ladder Securing Sling

- Prevents hazardous slips and stabilizes ladders
- Fits a wide range of ladder sizes with an easy-to-adjust strap.
- Made with 20 mm polyester webbing.

Product description

Introducing the Ladder Securing Sling, a groundbreaking safety device designed to secure telescopic and fixed ladders, particularly when entering hatches or confined spaces. Crafted from 20 mm polyester webbing for unmatched durability, this sling promises ease of use and exceptional strength. Its adjustable strap ensures a snug fit for various ladder sizes, offering a secure, compact solution for on-the-go professionals. Engineered for rigorous use, it provides stability and peace of mind, reducing the risk of accidents and enhancing safety in any environment. Lightweight and easy to install, it's the professional's choice for superior ladder security.
