Product description

The fall arrest kit Worker Service is suitable for work in construction and industry. With the double shock absorber lanyard that is tested over edge, it will be extra versatile.

When working in construction and industry, it is essential to work safely and use the chosen equipment correctly. Our fall protection kit Worker Service is suitable for work in a variety of environments in construction and general industry. The kit includes a Worker Base harness, a 2 meters double fall arrest lanyard that are tested over edge and an anchor sling, all packed in a practical bag.

The kit is suitable when climbing up and down ladders and working in various industrial environments as, e.g. a service technician.

Our Worker range is affordable products with high quality and comfort - in our own brand Cresto. With Cresto Worker, you get products with high quality and a long life.
