EN 795 : 2012 Type B

Product description

The fall arrest kit Worker Industrial is suitable for work in construction and industry.

When working in construction and industry, it is important to work safely. Our fall protection kit Worker Industrial is suitable for you who work in a variety of environments in construction and industry. The kit includes a Worker Base harness, a 2 meters fall arrest lanyard tested and approved over edge, and an anchor sling, all packed in a practical bag.

The difference between this fall protection kit and Worker Industrial Pro is that this package contains a simple fall arrest lanyard that fits in environments where large movement is not required.

Our Worker range is affordable products with high quality and comfort - in our own brand Cresto. With Worker you get products with high quality and long service life that provide safety when working at heights.
